Horsewhipped Him.

Yesterday morning about half past ten Mrs. Hawkins attempted to horsewhip John Hoy, as he was standing in Henry Rhue's butcher shop. She struck him once, when he caught the whip, and after parleying with her awhile, managed to get out of the back door, and as he was retiring she picked up a butcher knife from the meat stand and threw it at him. She claims that Hoy has been slandering her and her children. Hoy denies the soft impeachment.

Fannon's Case.

Nothing has yet been heard of the whereabouts of Sam Fannon. Dan Gates says he saw him walking down toward Camp 37 on the railroad track night before last, shortly after 7 o'clock. His head was bowed down, and he appeared like a person in deep thought. Mrs. Fannon has no idea that he has committed suicide. She intends to take the goods ordered and go to Candelaria, and carry on the business.

Generous.

The Nevada Central Railroad gave half fare rates to delegates to the Austin Convention, and did the handsome thing to all the newspaper men by giving them free tickets. Supt. Dunn and General Freight Agent Hinchcliffe went along with the party and were unremitting in their efforts to make the trip a pleasant one.

Half Fare.

The Central Pacific give half fare rates to the delegates to the Democratic State Convention to be held at Winnemucca. The railroads are doing the fair thing and we hope they will be as generous toward the delegates to the Cincinnati and Chicago Conventions.

Democratic Convention.

The Democratic County Convention will be held to-day in the court-house at 1 P. M. The duty devolving upon this convention is the election of delegates to the State Convention.

Trains are all running on time.

NEWS OF THE MORNING.

The Portland, Maine, Advertiser has an interview with E. B. Washburne, who is visiting his brother-in-law. He states that his candidacy for the Presidency is out of the question. He is for Grant first, last and all the time. He repudiates all combinations, with other candidates, and will not be a candidate under any circumstances. The charge that he is guilty of duplicity towards Grant he denies, and says the result of the Cook county convention was a greater surprise to him than to any one else.

The New Tribune's table gives the Republican candidates, up to the present time, the following votes: Grant 226, Blaine 279, Sherman 96, Edmunds 31, Washburne 13. Necessary for a choice, 379; to be still elected, 108.

Six additional county conventions in Illinois have added 24 delegates to Grant.

Grant has but ten delegates out of 112 in Nebraska.

The Committee on Ways and Means has fixed upon May 31st for the adjournment of Congress.

The New York Herald publishes the latest tables of delegates to Chicago as follows: Grant 262, Blaine 243, Sherman 97, Edmunds 32 and Washburne 14. The Herald calculates, on the best obtainable authority, that from the nine conventions that are yet to be held the anti-third term candidates will receive a majority of at least ten delegates. This would be a majority opposed to the ex-President of 134, and would render impossible his nomination on the first ballot.

The Chicago Inter-Ocean's Washington special asserts that the Blaine bureau is spending a large amount of money which Gould, Dillon, Huntington and other railroad men in New York are furnishing.

Brevities.

Dr. Dawson has a Singer sewing machine for sale or rent.

The Alerts and Paralyzers will engage in another base ball match in Hatch's field to-morrow.

The third invoice of the season of Cashmere Dolmans has just been received at Sol. Levy's. *

J. F. Condon and J. P. Foulks, of Verdi, were in town yesterday. Jack was looking after his fences.

"Marie Antoinette" is the subject chosen by Mr. Rankin for his lecture before the Reform Club this evening.

The Masonic meeting for the purpose of conferring the Fellowcraft degree will be held this evening, and was not to be last evening, as announced in the Gazette.

The Evans, Bros. have just received two car loads of iron water pipe, to be used for conveying the water from the reservoir to town. It ranges from 8½ to 14 inches in diameter.

Mr. M. Gillies writes us from Ozark, Missouri, that he was eye-witness of the cyclone which occurred, as it passed within a few hundred yards of where he was. He assures us it was a terrible sight.

Supt. Wm. Johns, of the Plumas Eureka and Sierra Buttes mines, was a passenger below last night. He informs us that all freight for the mines will hereafter go by way of Reno instead of Truckee.

The ladies of the M. E. Church have decided to hold their fair on the 1st, 2d and 3d of June. They have a large assortment of fancy work and other nice things on hand, and will have strawberries, ice cream and many other delicacies served at reasonable rates.

Sitting Bull wants to come back to the United States on any terms that do not imply hanging for his former misdeeds, and do imply plenty of provender for himself and tribe. The climate in British America is not agreeable to him and game is scarce; but we suspect that his greatest objection to the country is the fact that he is compelled to behave himself. Government will probably permit him to return.

Twenty-two of the New York delegates say they will vote for Blaine.

Of course it is a Boston paper that can truthfully report the following: "At a recent leap year party a young man, who was slowly convalescing from a stroke of paralysis, and could move about only with the assistance of crutches, received and accepted an invitation to be present. The young ladies present filled his 'order of dances' with their names, each one sitting with him through the dance she had selected.

Diamonds of the finest quality, single stones and clusters. Fine small stones for $20, medium sizes worth three times the money, for $35; large stones for $50 to $60. If you want bargains in that line send to Uncle Harris, 221 Kearny street, between Bush and Sutter.

On Saturday evening there will be a dance at Kimball's Hall. Music by Kauffmann's band. All are invited. Admission 50 cts. Mrs. A. Alt.

Next Summer if some man from Sierra county shall tell an Eastern tourist that snow lay to a depth of 150 feet in his section during the preceding Spring, the Eastern man will think his informant lies. But the Sierra man will tell the truth. On the east fork of the Yuba this week a snow slide filled the river canyon to a depth of 150 feet. People who have never lived in the Sierra Nevada in the snowy season cannot begin to realize the great depth of the snow in these mountains. In Winters not considered extraordinary in point of snowfall the snow often covers the ground to the depth of from forty to fifty feet on a level, and all the way from seventy-five to 140 feet in the canyons. In Sierra county towns are covered with snow for several months at a stretch, the people digging tunnels from house to house, thus making thoroughfares under the snow. When the town of Meadow Lake, Nevada county, existed it was entirely buried in snow in the Winter, though it contained many two-story houses. A stranger coming to the town would find himself standing on a broad waste of snow, with nothing to indicate his vicinity to an inhabited town but wreaths of smoke curling up from the surface of the snow. Yet underneath him was a town of several hundred inhabitants, who had lived and had their being and transacted business and all the offices of their daily life under forty feet of snow.—[Stock Report.

Mr. Richey of Plymouth, Indiana, was aroused from his bed by five strangers, who asked permission to dig for some hidden articles in the cellar. He was afraid to refuse, and they went to work. At 2 o'clock in the morning they struck an iron box, which was so heavy that the five were scarcely able to lift it. They finally got it into a wagon and rode away. The cellar had not been disturbed before in ten years, and it is thought the party belonged to the old Hungerford gang of counterfeiters.

Judge Field is looming up as the "dark horse" on the Democratic side.

DR. WM. HALL'S BALSAM.

Cures Colds, Pneumonia, Bronchitis, Asthma, Croup, Whooping Cough, and all diseases of the Breathing Organs. It soothes and heals the membranes of the Lungs, inflamed and poisoned by the disease, and prevents the nightsweats and tightness across the chest which accompany it. CONSUMPTION is not an incurable malady. It is only necessary to have the right remedy, and HALL'S BALSAM is that remedy. DON'T DESPAIR OF RELIEF, for this benign specific will cure you, even though professional aid fails.

Dr. M. H. Hinsdale,

Kewanee, Ill., advises us of a remarkable cure of Consumption. He says,

"A neighbor's wife was attacked with violent lung disease, and pronounced beyond help from Quick Consumption. As a last resort the family was persuaded to try HALL'S BALSAM. To the astonishment of all by the time she had used one half dozen bottles she was about the house doing her own work." I saw her at her worst stage, and had no idea she could recover.

There are many at the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty ignorant of the cause, which is the second stage of seminal weakness.
